RE: Consortium Pipe Bid - 2005

Gentlemen or Madam:

Please be advised that as advertised, Warrington Township received and publicly opened the 2005 Consortium Pipe bids and Pre-Cast bids on Wednesday, July 27, 2005 at 11:00 AM. on behalf of the participating members of the consortium.

At the time of the pipe bid opening there were only two bids that were received. The bids opened were from Chemung Supply Corporation and Atlantic Concrete Products. Enclosed are copies of all documents received,

At that time no bids for RCP, Ductile Iron Pipe, or Bicycle Safety Grates were received; as this result we have to re-bid for the above listed items only. These items were advertised for bids by Warrington Township on the initial bid and no bids were received. The date of the last advertisement was August 9, 2005

Since no bids were received we are permitted to enter into contracts with suppliers of these items, but only within 45 days of the date of the last advertisement August 9, 2005. After that date September 27, 2005 the items must be bid again. Please be guided accordingly.

As you are aware, each municipality is responsible to make its individual award, including notice to all bidders, and execution of contract and performance bond.

All originals documents are on file at the administrative office located at 852 Easton Rd Warrington.

Please do not hesitate to call, should you have any questions. (215) 343-9350

Sincerely,

Carl Sames
Foreman Of Public Works
